KAISER IN COMMAND IN THE CARPATHIANS

EVERY EFFORT BEING MADE TO CHECK THE RUSSIAN ADVANCE

FROM EVERY POINT, THE TEUTONIC ALLIES RUSH TROOPS TO THE ENDANGERED HUNGARIAN FRONT

Petrograd, April 14.—That the kaiser is personally directing the Austro-Germans in the Carpathians, is semi-officially reported today. It is reported that the kaiser ordered a sudden offensive of the Germans in the Stryj region, attempting to cut through the Russian left wing to force abandonment of the attacks made upon the Austro-Germans at the Uszok pass. The Austrians, previously reported on the verge of a complete retreat, launched fierce attacks along the Stryj, Opor and Swica rivers. To oppose this, a re-arrangement of the Russians was found necessary. Reinforcements are being rushed to the Stryj region, where the Austrians have captured a strategic hill by night attack.

General Linsingen, a German, with 280,000 men, is conducting the Stryj campaign, having superseded the Austrian commander. He has five armies under his command.

The Germans in northern Poland have reopened attacks along the Narew and Bobr front, shelling Ossowiec and trying to pierce the Russian lines at Jedwabno. The enemy recognizing the desperate situation on the Hungarian slopes, is pouring in troops from the Vistula, Narew, Nida, South Germany and the Italian frontier.

BAD POLICY TO BET

Found Out by an Ormond Man to Sometimes Prove Fatal

New York, April 13.—Henry P. Davis of Ormond Beach, Fla., died suddenly in the streets in Jersey City yesterday, presumably from exertion brought on in paying an election bet. Mr. Davis reached here last night driving a horse which he said he had driven because of losing the bet all the way from Trenton, N. J., but had lost his way.

FIFTY PER CENT IN FLORIDA

Is Doped Out by the Reformer for the
Extent of Insurance Invest-
ments

Tallahassee, April 13.—If thirty measures originating in the office of State Treasurer Luning and introduced in the House by Representative Adkins of Alachua, pass this session, the system for handling both life and fire insurance will undergo a systematic change. The insurance board, consisting of the governor, comptroller and attorney-general, will be abolished, the office of fire marshal will be created, the treasurer acting in that capacity, and the powers of the treasurer will be increased.

It is not expected that there will be much opposition to a majority of the measures. A fight is expected on two of the bills by the insurance companies of the state. One providing for the organization of mutual fire insurance companies, and another providing for the investment of 50 per cent. of their legal reserves on outstanding business in Florida.

RHEUMATISM YIELDS QUICKLY TO SLOAN'S

You can't prevent an attack of rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c of any druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.—Adv. Tues, Thur, Fri.

K. OF P.

The Ocala Lodge Knights of Pythias had a most interesting meeting last evening at Castle Hall.

Rev. A. B. McDonald of Belleview, received his first lesson in knighthood during the evening, while the second rank was conferred upon Messrs. Joe White and Mabry Sumner. The these young men met obstacles in their way across the lowlands and mires they emerged all the more impressed at the other end of the trip, and were hailed with welcoming words as they made their exit.

The movement of the lodge to build a new home for itself is daily taking on tangible shape, and is meeting with a more hearty support than even the most enthusiastic boosters had hoped for.

At the Harrington corner, a few afternoons ago, disregard of the rules of the road came very near causing a collision between two autos. One was a large car and the other a small one, and both were driven by ladies. The large car was going west on Fort King, and coming to the corner, tried to turn into Main, when it met the smaller car, coming down Main and trying to turn into Fort King. The big car observed the law and tried to go to the right; the little car disregarded the law and went to the left. Two or three carriages were standing on the west side of Main street, and how the lady who was driving the big car managed to dodge the little one and not drive into a buggy with a couple of women in it, is difficult to understand, but she did it, somehow; and beyond looking a little bit startled as she saw the little car trying to ram her auto amidstships, she didn't seem at all put out by her experience. The lady driving the little car, however, should be carefully instructed in the rules of the road before she drives a car again. Only the skill and presence of mind of the other lady averted a bad smashup.

FRENCH RESERVISTS GOING TO THE FRONT

BRITISH AIRMEN HAVE BOMBARDED MANY GERMAN CENTERS IN BELGIUM

Paris, April 13.—British aviators have bombarded Bruges, Antwerp and a number of railway lines in West Flanders. The German concentration camp at Bruges and railway lines have been badly damaged.

Artillery battles are raging south of the Lys river, in the Aisne valley and in the Champagne and Woivre region. Large forces of French reservists are now going to the front.

GATES OF GAZA

Paris, April 13.—The French battleship St. Louis bombarded an important Turkish encampment near Gaza, Palestine, Monday. Hydro-aeroplanes flew inland, directing the gunfire.

POPE WANTS PEACE

WILL GLADLY COOPERATE WITH PRESIDENT WILSON

Washington, April 13.—That President Wilson has been offered cooperation by Pope Benedict in an effort to restore peace in Europe was indicated by the president today. The president would not discuss peace prospects.

Mr. and Mrs. W. S. McGary and Messrs. Barcus Gardner and C. R. Hayden, members of the Dixie Amusement Co., who have been in the city for the last three weeks, leave tomorrow for St. Augustine. The Dixie Amusement Co. has given Ocala more fun to the square inch and the round dime than anything else that has been here for some time. The Star hopes that it will have a good run in the Ancient City.

Mr. T. W. Smith, the vigilant collector of internal revenue, came in from the south yesterday evening. Mr. Smith has rounded up a large number of illicit distilleries lately. He says moonshining is on the increase, but he and his deputies keep close on the trail of the lawbreakers. Mr. Smith is a very efficient officer and has won praise from the men higher up by the manner in which he discharges his duties.

Mr. J. T. Burgess of Blitchton is in the city today attending to business. He says that his section could use a few good showers now on the crops. Yesterday's rain in Ocala and the southern part of the county did not reach the northwest portion.

CAPTURED CREWS

OF GERMAN SUBMARINES NOT WELL TREATED IN ENGLAND

Berlin, April 13.—Germany has protested through the United States government against the treatment accorded by Britain to captured crews of German submarines, and is threatening retaliatory measures against English officers. Germany emphatically denies reports that Germans intentionally failed to rescue those aboard vessels sunk by German submarines.

GERMANS GAIN GROUND

Berlin, April 13.—The Germans have repulsed all French attacks east of the Meuse river, and are slowly gaining ground in the Lepretre forest, where fighting rages day and night. Violent fighting continues in the Woivre region, where the French are launching attack after attack trying to force the Germans to abandon the States government is clearly irritated. A German aviator dropped numerous bombs upon Poperhinghe, Hazebrouck and Cassel, occupied by the English.

In the east the situation is unchanged.

ADMINISTRATION IS IRRITATED

BY GERMAN AMBASSADOR'S BAD BREAK

COUNT VON BERNSTORFF MUST BE MORE DISCREET OR WILL BE SENT BACK TO HIS COUNTRY

Washington, April 13.—The United States government is clearly irritated at the publicity given by Count Von Bernstorff, the German ambassador, to the recent diplomatic negotiation with Germany. The president stated today he did not know officially whether the recent note delivered by Von Bernstorff to the state department was authorized by the German government, or only represented the ambassador's personal views.

THE GERMAN WOUNDED

Berlin, April 13.—(By wireless, Sayville, L. I.)

The Germans are terrifically systematic about their care of the wounded. All their men found on the battlefield receive a "first aid dressing." Each is tagged with a card, which indicates whether he is badly hurt or not. From the battlefield the wounded men are gotten back to the field hospitals or to headquarters. A man may be badly wounded and yet be back on the firing line in three months. Good pure blood is what helps the soldier through—his wounds heal easily after antiseptic dressings. It is well for everybody to put the blood in good order. Don't trifle with health! Its too precious a possession. It is trifling to neglect the little every-day kind of ailments. It is trifling, too, to take medicines of unknown or doubtful ingredients. If your stomach gets out of order, your food is not digested and, of course, your blood gets thin and you become weak, ready to be a prey to the disease germs always ready to attack the run-down and the anaemic. If your liver can't do its work, your blood becomes impure and many troubles follow. If your bowels are irregular, poisons accumulate in your body. Dr. Pierce's Golden Medical Discovery (in tablet or liquid form) helps the stomach to digest food properly, strengthens the liver, regulates the bowels. As a consequence you are vigorous, full of energy and life? Fifty years ago Dr. Pierce discovered that a glycerine extract of Golden Seal and Oregon grape root, of queen's root and bloodroot with black cherry bark would aid all the digestive organs to work as nature intended they should. Thousands have found that the "Golden Medical Discovery" he then introduced to the world has restored their health when suffering from stomach and liver troubles. Now is the time to try this famous remedy.—Adv.
